

AROUND YOU

(Joel Limpic, Don Chaffer)

C#m
With all around me crumbling
A
You're the one true thing that keeps on standing
C#m
With all around me dying
A
You're the one true thing that keeps on living
C#m
With all around me choking
A C#m (B on 2nd time through)
You're the one true thing that keeps on breathing

C#m
With all around me taking
A
You're the one true thing that keeps me giving
C#m
With all around me rising
A
You're the one true thing that keeps me kneeling
C#m
With all around me screaming
A F#m
You're the still soft voice whispering to me

E B C#m B
So I build my life around You, within You
E B C#m B
And I fix my eyes upon You, they're on You

F#m B
Cause the flowers will fade
F#m B
And grass withers away
F#m B A
But the word of God, it lasts forever
